Mid-Year 2025: Sailing On ...

Time to give thanks. Since February 2025, Arc Australia has been charting a new course, through **Arc's Team Coaching**, bringing along 15 talented professionals of cross-functional roles.

These individuals are key leaders and their direct reports at **Kairos Utama Indonesia**, an IT services company based in **Jakarta**, which also serves as the headquarters for **Kairos IT Corporation** in **Toronto**, Canada.

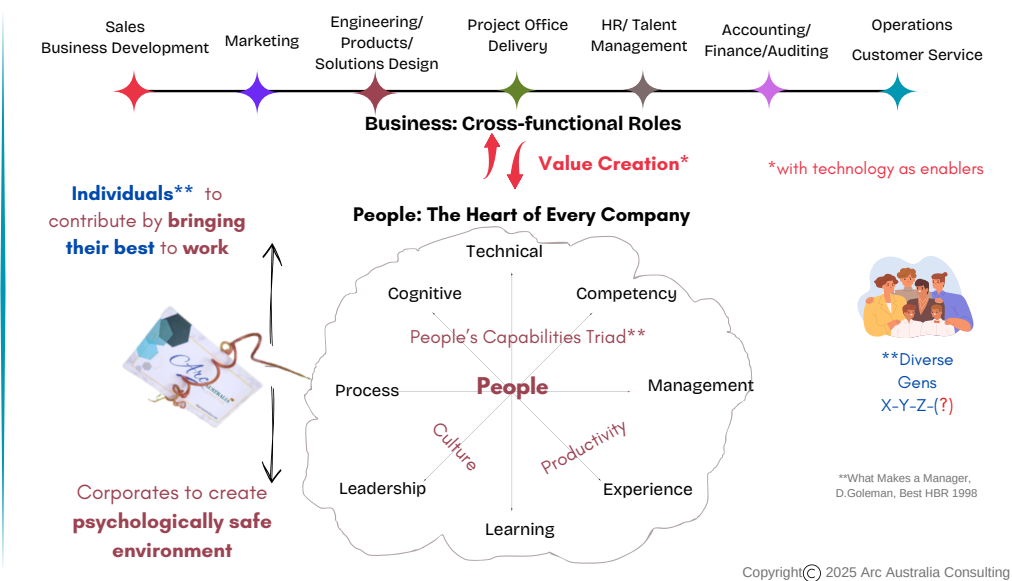

Kairos is an emerging IT services company with a total workforce of approximately 300 employees—most of whom are highly skilled in digital technology.

It provides complex AI-powered solutions and services to multinational clients in various sectors, including oil and gas, healthcare, finance, and banking.

Kairos' high profile clients include a state-owned oil company's Pertamina, Medco, Malaysian's Petronas, and Standard Chartered Bank and many more.

Systemic Team Coaching on-going journey at Kairos will elevate its cross-functional teams performance: working together harmoniously. Excelling in the co-creation of greater beneficial value with and for both external and internal stakeholders, leading to sustainable business result; shaping and illuminating its future like a shining star!

Elevating Team's Collective Performance for enduring business results

The scope of Team Coaching at Kairos encompasses every aspect of what makes a great company in today's digital age. And we are sailing on ...

Team Coaching Experience A Reflection to Share

From the Kairos CEO, Laura Chrysanti

Reflections on Our Team Coaching Odyssey with Arc Australia Consulting

Laura Chrysanti
CEO
Kairos IT Corporation
Toronto, Canada

*From the first circle we drew together,
our scattered marbles found a constellation.
Arc Australia's gentle compass turned our wandering and fleeting
paces into purpose: threading people, process, and profit on a single
silver cord – bringing value and meaning to everyone who crosses our
path.*

*You invited us to stand in the shoes of others,
and suddenly our corridors echoed with new empathy—
the dull thud of silos became the bright hum of shared ambition.*

*You helped us name our dragons—fear, drift, overload—
then offered steel and story so we could tame them.
KPIs became lighthouses, SOPs a riverbank,
rituals of recognition the drumbeat beneath our voyage.*

*What impressed us most was the alchemy of clarity and care:
rigorous frameworks wrapped in human warmth,
hard metrics cradled in courageous conversations.*

*We step forward lighter, yet stronger – like a crew on a ship who
knows its North Star and trusts the wind, and onward we sail ...*

*Thank you, team coaches at Arc Australia Consulting, for turning our
team into a true vessel of Kairos moments.*

*Best regards,
Laura*

The Spirit of Arc Australia Consulting

A Profile

We give the best that is in us!

At the heart of Arc Australia Consulting work – whether in consulting or coaching – lies a blend of **knowledge and real-world class experience**. We aim to arm business leaders, managers, business advisor, and educators with this knowledge. **We journey with them to discover potentials that have not been reached** -- to transform this **knowledge and insights into actions** that bring a positive impact on their organisations, stakeholders, and communities as well as the ecosystem in which their business operates.

We give the best that is in us!

Elevating collective performance; enabling cross-functional teams navigate problem-solving and critical decision-making processes, leading to sustainable business outcomes!
